Scott, if you are able to be flexible, let's try for 2:30; but if that doesn't work (I need to be doing some connecting today on making adjustments due to Denver's strike. Those meetings are still being scheduled), we can shift to 4.

I am on the 5th floor, room 502. When you get off the elevators, turn right and go to the door that is straight ahead of you.

Looking forward to chatting.

Hi Scott,

Joyce will connect with you when you are at CDE next week. I will follow up with her once I return. Paul mentioned that you were going to send some additional information regarding the grant opportunity. If that comes my way I will pass it on to Joyce prior to your meeting.

Thanks very much,

I hadn't plan to discuss this with the accountability folks, rather, I was hoping to get a little time with you and Joyce. Do you think that would be possible, preferably at the end of the day?

Hi Scott,

I believe that you're scheduled to meet with some folks from our Accountability Unit next week. Joyce and I talked and we would appreciate it if you would refrain from bringing up the potential application for the assessment grant. We're not ready for it to go wider yet given that we've not had an opportunity to consider what possibilities are available with the grant. Thanks for your understanding. Let me know if you have questions.

Thanks so much ☺
